### Mazda6 Specifications

#### ENGINE
- Engine type: SKYACTIV-G 2.5L I-4 DOHC 16-valve 4-cylinder engine
- Displacement: 2.5L
- Horsepower (SAE net): 194 / 5,700
- Torque (SAE net, ft-lb): 185 / 4,200
- Recommended fuel: Regular unleaded gasoline
- Compression ratio: 10.3:1

#### DRIVETRAIN AND CHASSIS
- Type: Front-wheel drive (FWD)
- Automatic transmission: SKYACTIV-Drive w/ spin control, automatic with manual shift mode
- ABS: 4-wheel, 4-channel with Electronic Brakeforce Distribution
- Suspension:
  - Front: 4-wheel independent with stabilizer bar
  - Rear: 4-wheel independent with stabilizer bar

#### EXTERIOR DIMENSIONS & CAPACITIES
- Wheelbase (in): 110.4
- Length (in): 191.5
- Width (in): 72.8
- Height: 50.7
- Fuel capacity (gallons): 16.4

### Mazda6 Features

#### ACTIVE AND PASSIVE SAFETY
- Enhanced front air bags with seat belt and passenger weight sensors
- Front side impact air bags and side impact air curtains
- 2-stage SRS frontal air bags
- Dynamic Stability Control (DSC) and Traction Control System (TCS)
- Brake Assist
- Smart City Brake Support System
- Blind Spot Monitoring System
- Rear View Camera System
- Rear Cross Traffic Alert System

#### SECURITY
- Engine immobilizer anti-theft system
- Child safety locks
- Remote panic button (keyless fob)
- LATCH child safety seat anchors & LATCH belts
- Child safety rear door locks

#### EXTERIOR
- Halogen headlights with automatic on/off
- Halogen headlights with auto-on/off
- Aluminized headlight with auto-on/off
- Adaptive Front Lighting System
- Halogen daytime running lights
- LED daytime running lights and halogen fog lights
- Rear view wiper/washers
- Power sliding glass roof with rear seat heatable type and interior heatable type
- Dual power sun visors with illuminated driver's visor

The all-new 2014 Mazda6 brings state-of-the-art technology, soulful design and superb driving dynamics to the mid-size sedan segment. Beginning with Mazda’s KODO “Soul of Motion” design, the Mazda6’s exciting and dynamic expression of motion evokes a cheetah the moment before it pounces. Built with Mazda’s ultra fuel-efficient SKYACTIV® TECHNOLOGY, power, performance and fuel efficiency find their purest expression yet. There’s an all-new 2.5L SKYACTIV-G engine with your choice of SKYACTIV-MT 6-speed manual transmission or SKYACTIV-Drive 6-speed Sport automatic transmission. The result is confidence-inspiring handling that imparts control to the driver and a fully realized driving experience that makes the Mazda6 an intuitive, elegant extension of the driver’s body.

Multi Information Display (MID)
Mazda’s Human-Machine interface (HMI) has evolved to a level of intuitiveness that allows for remarkable ease of operation. Instrumentation is readily accessible and easy to read, creating a fully coordinated cockpit that is outfitted for the driver’s allowance for remarkable ease of operation.

Commander Switch
Thanks to the newly available Commander Switch, audio, navigation and Bluetooth® functions can be controlled using the rotary commander in the center console for smooth, intuitive operation.

Luxury Seating
The Mazda6’s instantly recognizable refinement uses heightened quality and texture, elegant lines and contoured seats to help ensure that driver and passengers enjoy every minute on the road in comfort.

Fuel-efficient exhilaration.
Mazda’s breakthrough SKYACTIV TECHNOLOGY is an innovative, comprehensive automotive engineering strategy that reimagines what’s possible—offering up remarkable fuel efficiency without giving up Mazda’s signature driving exhilaration. Utilizing the full suite of SKYACTIV TECHNOLOGY provides the Mazda6 a lighter—yet stronger—chassis and body for precise, agile handling that never compromises safety. A lighter engine that delivers more torque with lower emissions than before. And transmissions that respond naturally and intuitively to driver input for maximum performance and fuel efficiency. The sum total? A perfect balance of harmony between Mazda6’s component parts—and, by extension, you and the open road.

www.MazdaUSA.com/skyactiv

Intuitive technology for instinctive safety.
The all-new Mazda6 Grand Touring offers a new generation of active safety technologies that give drivers more “eyes.” Awareness of surroundings is heightened, helping the driver to proactively avoid hazards and avert accidents. Mazda Radar Cruise Control (MRCC),* Forward Obstruction Warning (FOW),† and Smart City Brake Support (SCBS),‡ use state-of-the-art technologies to enhance safety by automatically sensing the Mazda6’s environment, preparing it to act quickly on the driver’s command.

* Mazda Radar Cruise Control is not a substitute for safe and attentive driving. There are limitations to the range and detection of the system. Please see your owner’s manual for further details.
† Forward Obstruction Warning (FOW) is able to detect vehicles approaching from the rear. This is not intended for the range of object detection. Please see your owner’s manual for further details.
‡ Smart City Brake Support operates at certain low speeds. Operators should always be prepared to stop the vehicle and should not rely on this system to stop the vehicle when an impact is impending. Smart City Brake Support is not a substitute for safe and attentive driving and does not replace daytime应注意。请参阅您的使用手册获取更多信息。
