DOES DRIVING MATTER?

Does a long, winding road or an empty freeway on Sunday morning matter if the car you’re in doesn’t take advantage of the moment?

Does safety, technology, efficiency or even beauty matter, if a car doesn’t feel right in your hands?

If you build Mazdas, driving is what matters most.

That’s why everything we do makes driving better.

Like safety technology that inspires confidence.

Engine technology that makes our cars and SUVs more fuel-efficient. Yet still responsive.

And designs that capture motion, even when the car isn’t moving.

What’s better than a great driving car?

A car company that won’t build anything less.

MAZDA. DRIVING MATTERS®
Based on EPA estimates for 2017 Mazda CX-5 FWD models, 24 city/31 highway MPG. AWD model shown, 23 city/29 highway MPG. Actual results will vary.

CRAFTED TO INSPIRE.  
ENGINEERED TO BE DRIVEN.

It began with an unrelenting passion for driving. Only then could we start to craft the new 2017 Mazda CX-5. With an unwavering belief that there is no “good enough.” That a vehicle should be an extension of you, the driver. And, that while the CX-5 remains one of the critics’ favorites, we’re never satisfied with accepting the status quo. We will always keep looking for ways to improve upon what’s been accomplished. This ethos is translated into every vehicle we make.

The newly restyled and refined 2017 Mazda CX-5 is unlike any other CUV. Without sacrificing exceptional driving dynamics, the carefully crafted and refreshed CX-5 achieves the impossible: the perfect unity of versatility, spaciousness, innovation and up to an EPA-estimated 31 highway MPG.1 There have been over 250 improvements made to the new Mazda CX-5 – inside and out. And you may not even be able to see them. From every angle, every aspect of this capable CUV has been improved to make driving better.
INSPIRED DESIGN. KODO: “SOUL OF MOTION”

To imbue the dynamic movement of the KODO: “Soul of Motion” design language into every Mazda vehicle, artisans and craftsmen created automotive icons that meet extraordinary levels of aesthetic pleasure.

Mazda’s chief clay modeler, Norio Terauchi, adopts a harmonious creative process using human touch to shape and develop the look of a vehicle during the clay modeling stages. While computers are invaluable tools, Norio explains that exceptional design is achieved through touch. And feeling.

Allowing our visionaries to change the smallest crease or curve to deliver optimal proportions—and ultimately, a Mazda—is what it means to never stop challenging. It’s how we strive to craft cars that are not only works of art, but essentially make driving better.
**UNIQUELY CRAFTED PAINT THAT ONLY SKILLED CRAFTSMEN COULD CREATE.**

Our newest signature paint, Soul Red Crystal Metallic, is crafted from the original Soul Red Metallic—with a desire to achieve an even higher level of energy and vividness. Developing a paint with such intensity of clarity, depth and luster requires a three-coat process—a reflective layer, a translucent layer, and a clear top-coat that is nearly impossible to mass-produce. Soul Red Crystal Metallic enables us to give the CX-5 a hand-painted quality.
DESIGNED FOR ONE THING: YOU.

At Mazda, we’re not just passionate about driving. We’re passionate about how a car makes you feel—even after your drive. It’s an essential connection between man and machine. A belief that a car should respect and adapt to its driver’s sensibilities. Putting our focus on you means designing a refined CX-5 cockpit that is welcoming, intuitive and meticulously crafted. Where controls and gauges are laid out in perfect symmetry so you can focus on the road ahead.

We call it a human-centric approach that relies on the subtleties of seeing and touching with all your senses. And through our ceaseless exploration of unconventional ideas, we discover more ways to make a difference in everyday driving. Such as developing an available intuitive Active Driving Display, through which vital information such as vehicle status, current speed, and route guidance is projected onto the windshield. Pertinent data is positioned in your line of sight and allows you to better adjust your focus—ultimately minimizing distractions while driving. Is it possible for something to transport you without moving? It is. When it’s designed for you, the driver.
MAKE A GRAND ENTRANCE. GRACEFULLY.

Welcome to the cabin of the Mazda CX-5. This is where you’ll discover premium materials and thoughtful accents that add to a refined, secure and quiet atmosphere. As you enter, the door panel will do more than create an opening. Our newly developed material, appropriately named “Metal Wood,” blends the warmth of what resembles natural wood with the strength and toughness of a metallic finish. This unique twelve-layer process is finished with a coating to create a fresh new look that expresses a greater depth of richness and elegance.

1 Available in the Mazda CX-5 Grand Touring only.
Is it so unthinkable that a CUV this adept can double as a peaceful haven for your passengers? It’s possible when you transcend the predictable. Like provide your guests with not only ample entrance and exit room, but available heated back seats, rear climate control vents and USB ports in the center armrests that keep everyone comfortable. And on longer drives, the rear seat backs are adjustable for added comfort. Our aim is to always exceed expectations. What else would you expect from Mazda?
THE QUIETER THE CABIN, 
THE MORE ROOM FOR CONVERSATION.

Is it possible to maintain a tranquil oasis in the middle of an interstate highway? It is in the cabin of the newly designed Mazda CX-5. Unwelcome road noise is dulled to a hush. Conversations become clearer. And engine noise and vibrations are diminished.

Painstaking efforts have been made to improve the quiet cabin of the Mazda CX-5, such as incorporating sound-deadening materials to the floorboard. We narrowed gaps, and used sound-insulating glass and extensive seal insulation to further prevent exterior wind noise from disturbing the cabin. Whether you’re enjoying the peace and quiet of driving alone, or trying to better hear the conversations of your passengers within the cabin, every effort has been made to make driving less distracting and more relaxing.
CLARITY. IMAGING. POWER.
IT’S MUSIC TO EVERYONE’S EARS.

Bose® Centerpoint® 2 Surround Sound System with AudioPilot® 2

In an effort to produce the most optimal sound system, Mazda collaborated with the musical minds and engineers at Bose® to craft a harmonious cabin. No matter where you are seated. Custom-engineered for the CX-5, this available 10 speaker system features patented AudioPilot® 2 noise compensation technology plus Centerpoint® 2 surround technology set up to produce stunning multichannel Bose® surround sound performance, while an impressive spare tire-mounted subwoofer enclosure delivers powerful bass sound.
Don’t drive while distracted. Even with voice commands, only use MAZDA CONNECT™ / other devices when safe. Some features may be locked out while the vehicle is in motion. Not all features are compatible with all phones. Message and data rates may apply.

SiriusXM Satellite Radio reception requires a subscription and Mazda satellite radio. See full disclaimer in Specifications.

COMPLETELY CONNECTED. EFFORTLESSLY ENGAGING.

The MAZDA CONNECT™ advanced infotainment system helps keep you entertained, informed and connected—all while keeping your focus on the road ahead. Easily accessible and within your line of sight, MAZDA CONNECT™ lets you navigate a multitude of infotainment functions. Just use the multifunction Commander control on the center console to navigate the options displayed on your full-color display. It’s impressive technology that keeps you in close touch, no matter how far you travel.

ENTERTAIN
Explore more music and infotainment options via your Bluetooth®-enabled and Internet-connected device. Connect to Facebook, enjoy Pandora® and HD Radio™ listen to your own playlist or choose something from the integrated Internet radio apps.

COMMUNICATE
Thanks to Bluetooth® connectivity, you can chat the way you want with voice commands. Making and receiving calls is as easy as pushing a button and saying hello. The SMS Text Message Audio Delivery and Reply lets you enjoy a fully integrated display and audible readout of incoming text messages, and on Android phones, the ability to reply by choosing from a number of preset, standardized return messages.

NAVIGATE
The available Mazda Navigation System offers intelligent voice commands and advanced lane guidance. Plus, getting around town—or out of town—has never been easier thanks to the system’s map with step-by-step audio directions.

BLUETOOTH® | PANDORA® | HD RADIO™ | TWITTER | SIRIUSXM®
TIME-HONORED JAPANESE TRADITION.
MODERN APPLICATIONS.

Committed to the Japanese philosophy of “horse and rider as one,” Mazda engineers infuse this concept, called Jinba Ittai, into every Mazda to inspire “oneness” between a vehicle and its driver. When a vehicle becomes an extension of its driver, only then can perfect harmony be achieved. That’s why every Mazda, from throttle response and driver-centered cockpit to agile steering, delivers this feeling of Jinba Ittai. Because Driving Matters.
SKYACTIV®-G
Conventional internal combustion engines only harness around 30 percent of the potential energy of fuel. So, Mazda engineered a smarter engine. By pushing the limits of internal combustion, SKYACTIV®-G gasoline engines deliver much greater fuel efficiency. With higher compression ratios than conventional gasoline engines, simply put, engines with SKYACTIV TECHNOLOGY can squeeze far more energy out of every drop of fuel than ever before.

SKYACTIV®-DRIVE
Our engineers created a new kind of precise, high-performance automatic transmission that combines the direct feel of a manual transmission with the silky smoothness of an automatic transmission.

SKYACTIV®-CHASSIS
The steering and suspension systems achieve two seemingly contradictory goals at once: to be nimble at low speeds, yet stable at high speeds. We also engineered them to be light, allowing for a more direct and agile feel.

SKYACTIV®-BODY
Mazda was the first automaker to use ultra-high tensile-strength steel in a production vehicle. The SKYACTIV® Body continues to incorporate this light-but-stong steel in critical areas to help make it lighter than normal, yet stiffer and stronger.
MORE CONNECTED IN THE CURVES.

At Mazda, we’re in constant pursuit of making driving better. That’s why we developed our latest technology, SKYACTIV-VEHICLE DYNAMICS with G-Vectoring Control, to help achieve a smoother, less fatiguing drive. When cornering, on initial turn-in and throughout, the system subtly adjusts engine torque and shifts vehicle weight during spirited drives. The result is steering that is more precise and a ride that is less jarring for drivers and passengers alike. Some of the credit also goes to Electric Power Assist Steering. With a quick steering ratio, it offers a brisk response that lets the driver enjoy both twisty roads and challenging urban conditions. Why go to these lengths? Because we believe no detail is too small when Driving Matters.
Feeling in control behind the wheel is essential. Our available predictive all-wheel drive technology, i-ACTIV AWD®, operates automatically to help you navigate ever-changing road conditions. A multitude of sensors already in place in every CX-5 are put into action to actively monitor and forecast your vehicle’s operating condition. Everything from the outside temperature and windshield wiper use, to accelerating and braking patterns and other factors, are used to predict when AWD might be needed to help deliver ideal traction before the wheels slip. Electromagnetic clutch technology instantly apportions power to the front and rear wheels in accordance with the condition of the road surface and data from your vehicle. The engineering is complex, but the result is simple: Confidence. Because you’re in control.
SAFETY INNOVATIONS THAT DON’T DISTRACT FROM THE ROAD.

Active Birdsong monitors the area around the vehicle for objects that may pose a threat. It uses radar technology to detect objects that are close to the vehicle and provides alerts via the driver information center. If the system detects a potential collision, it will provide alerts and, if necessary, take automatic braking actions to help prevent collisions or lessen their impact.

LANE DEPARTURE WARNING SYSTEM
Alerts you when your vehicle may be unintentionally about to depart from your lane at a speed of approximately 30 mph or higher.

LANE KEEP ASSIST
Reduces the risk of unintended lane departures by applying brake pressure to the appropriate wheel to help maintain your lane.

SMART BRAKE SUPPORT
When you press on the brake pedal, the system applies the brakes to help bring your vehicle to a safe stop if you do not.

SMART CITY BRAKE SUPPORT
When you press on the brake pedal, the system applies the brakes to help bring your vehicle to a safe stop if you do not.

ADVANCED BLIND-Spot MONITORING
Monitors blind spots on both sides of your vehicle and alerts you if a vehicle is detected.

HIGH BEAM BEAM CONTROL
Adjusts your high beams automatically to avoid dazzling other drivers.

Always check your mirrors. Be aware of the traffic around you. There are limitations to the range and detection of the system. Please see your Owner’s Manual for further details.

CARGO SPACE THAT GIVES YOU A LIFT.

Whenever there’s a busy day, the Mazda CX-5 is your capable and flexible partner. The newly available Power Liftgate can open and close at your command with either the help of switches inside the vehicle or the available Mazda Advanced Keyless Entry buttons. You can even set the height at which the liftgate opens, so there’s less straining to reach it. And to help prevent items from getting caught, our engineers ingeniously placed sensors on each side of the liftgate that automatically stop it from closing.

Of course, the CX-5 inherently offers a standard, easy-release 40/20/40 split fold-down rear seatback that lets you customize seating for five or accommodate up to 59.6 cubic feet of cargo space. There’s room to roam and plenty of options to take it all with you.

1 Always check the area around the Power Liftgate before opening and closing. Please see your Owner’s Manual for further details. Aisle clearance is required to properly open all cargo.

2 Please remember to properly secure all cargo.
MAZDA CX-5 ACCESSORIES.
IT’S YOUR MAZDA—MAKE IT YOUR OWN.
CARGO NET
No one likes stuff rolling around in their trunk. Secure your groceries, sports equipment, and other loose items while keeping them handy for easy access.

CARPET CARGO MAT
Don’t let your gear damage your Mazda’s original carpet. Protect it from harm with a custom-fitted Carpet Cargo Mat.

CARGO TRAY
This flexible, durable Cargo Tray protects against damage and spills by elevating your cargo on top of patterns designed to help divert and catch any messy liquids. Removes easily for quick cleanup.

MAZDA MOBILE START
Did you lock your car or not? Know for sure with the convenience of our smartphone-controlled Mazda Mobile Start App. Lock or unlock your doors, start the engine, turn on the rear defroster, or use the Carfinder function from just about anywhere. One-year subscription included. Visit MazdaMobileStart.com.

NAVIGATION SYSTEM
Enjoy all the advanced features of today’s navigation devices, including voice commands and advanced lane guidance with our available factory-integrated Mazda Navigation System. The system even offers a 3D interactive map with step-by-step audio directions.

RETRACTABLE CARGO COVER
Keep your valuables out of view from prying eyes. Our Cargo Cover is easy to install and remove, and stays attached to the hatch door while opened for hassle-free loading.

CARGO NET
No loose stuff rolling around in your trunk. Secure your groceries, sports equipment, and other loose items while keeping them handy for easy access.

CARPET CARGO MAT
Don’t let your gear damage your Mazda’s original carpet. Protect it from harm with a custom-fitted Carpet Cargo Mat.

FOG LIGHTS
You should never be unprepared for bad weather. These LED Fog Lights will give you an edge in hazardous conditions such as rain, fog, and heavy snow. In addition, they help increase your visibility to other drivers.

ROOF RAILS
Add finesse to your CX-5 with aluminum satin chrome finish Roof Rails. For added functionality, pair with Crossbars for a Roof Rack that accommodates a range of specific attachments to carry bikes, skis, snowboards, and more.

REAR PARKING SENSORS
Parallel parking can be a challenge, but our Rear Parking Sensors make it easier. These Rear Parking Sensors notify you of obstructions behind the vehicle using an alarm sound. An optional on/off switch is available when towing.

MAZDA MOBILE START
Did you lock your car or not? Know for sure with the convenience of our smartphone-controlled Mazda Mobile Start App. Lock or unlock your doors, start the engine, turn on the rear defroster, or use the Carfinder function from just about anywhere. One-year subscription included. Visit MazdaMobileStart.com.

FRAMELESS AUTO-DIMMING REARVIEW MIRROR WITH HOMELINK
You can program your garage door, entry gates, and security lights to operate at the touch of a button. And the smart mirror system with frameless design automatically adjusts to reduce glare from headlights behind you.
ALL-WEATHER FLOOR MATS
Help keep the great outdoors in its place. Custom-fitted to your CX-5, these All-Weather Floor Mats guard against snow, mud, sand, and whatever else comes through the door.

SPLASH GUARDS
Don’t let your journey end with a trip to the paint shop. Help protect your Mazda CX-5’s finish from rocks and other road debris with our durable front and rear Splash Guards.

ALLOY PEDALS
Step up the look of your CX-5. Our high-quality aluminum Alloy Pedals give your car a sporty, more powerful appearance.

REAR BUMPER GUARD
Our durable stainless steel Rear Bumper Guard helps protect the rear bumper from chips and scratches when loading or unloading your gear.

TRAILER HITCH (CLASS I)
This Class I-rated receiver features a towing capacity of up to 2,000 lbs. and was specifically designed to accommodate the design of the Mazda CX-5. Four-pin trailer lighting connector sold separately.

ILLUMINATED DOORSILL TRIM PLATES
These Illuminated Doorsill Trim Plates are a stylish offering to both a welcome entry and graceful exit.

ROOF RACK
This versatile Roof Rail and Crossbar system is a foundation for holding all sorts of gear. It can accommodate a range of specific attachments to carry things like bikes, skiis, snowboards, and more.

Accessories not shown:
- 3.55mm Audio Cable
- Ashtray
- Blue Tinted Door Mirrors
- Cargo Storage Shelf
- Collapsible Cargo Carrier
- First Aid Kit
- Front & Rear Bumper Trim
- Interior Lighting Kit
- License Plate Frames
- Mazda Logo Valve Stem Caps
- Moonroof Wind Deflector
- Protective Seat Covers
- Remote Engine Start
- Roadside Assistance Kit
- Roof Rack Attachments:
  - Thule® Board Shuttle
  - Thule® Hull-a-Port PRO
  - Thule® Upright Bike Carrier
  - Thule® Universal Flat Top
  - Thule® Glide and Set Kayak Carrier
  - Thule® Force M Cargo Box
  - Thule® Canyon Roof Basket with Stretch Cargo Net
- Touch-Up Paint
- Side Window Deflectors
- Soft Cargo Liners
- Trailer Hitch Attachments:
  - Thule® Transporter
  - Thule® Vertex Bike Hitch Carrier (2 or 4 Bike)
- Wheel Locks
- Windshield Sunscreen

For a full list of Genuine Mazda Accessories for your CX-5, please visit: Accessories.MazdaUSA.com.

Genuine Mazda Accessories
For full details on all accessories, please visit Accessories.MazdaUSA.com.

Please remember to properly secure all cargo.
Always check your mirrors and surroundings.

Towing capacities are maximums and towing a trailer will affect driving performance and economy. See full disclaimer in Specifications.
MAZDA CX-5 SPECIFICATIONS

ENGINE & TRANSMISSION
SKYACTIV-G 2.5L 16-valve DOHC 4-cylinder engine with VVT
SKYACTIV-Drive 6-speed automatic transmission with manual-shift and Sport Mode

In this guide, unless otherwise noted, colors are shown in their corresponding color codes, which are owned by Mazda Motor Corporation or its affiliates and are licensed to JPMorgan Chase Bank, N.A. (JPMC). Trademarks and logos are owned by Mazda Motor Corporation or its affiliates.

It is not a substitute for safe and attentive driving. There are limitations to the range and detection of the system. Please see your Owner’s Manual for further details. • Smart City Brake Support operates under certain conditions between about 2 and 18 mph. It is not a substitute for safe and attentive driving. Factors including movement and shape of the object in front of the vehicle, weather and road conditions can all impact automatic stopping. • Dynamic Stability Control (DSC) and Traction Control System assist the driver in maintaining control during abnormal driving situations, such as handling, braking, durability, performance and driving economy. For specific information on equipment in the towing vehicle, please refer to vehicle Owner’s Manual for details regarding tow hitch and other related equipment. • Lane Departure Warning (LDW) is not intended to be a substitute for safe and attentive driving. Factors including weather and condition of the traffic flow can impact recognition and display of the road. Always check the traffic flow visually while driving. Please see your Owner’s Manual for further details. • 911 automatic emergency notification is available when connected to or in place of CX-5 Touring. • Mazda Navigation System voice command enables you to control the navigation system using voice commands. • Lane Departure Warning with Lane-keep Assist™ requires a subscription to SiriusXM All Access package9. For SiriusXM Satellite Radio reception requires a subscription and Mazda satellite radio. Subscriptions to SiriusXM services are sold by SiriusXM after a 4-month trial subscription expires and are continuous until you call SiriusXM at 1-866-635-2349 to cancel. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. Sirius satellite service operates under certain conditions above 10 mph. It is not a substitute for safe and attentive driving. Factors including movement and shape of the object in front of the vehicle, weather and road conditions can all impact automatic stopping. • It is not a substitute for safe and attentive driving. There are limitations to the range and detection of the system. Please see your Owner’s Manual for further details. • Smart Brake Support operates under certain conditions between about 2 and 18 mph. It is not a substitute for safe and attentive driving. Factors including speed, road conditions and driver steering input can all affect whether DSC will be effective in preventing loss of control. Please see your Owner’s Manual for further details. • Hill Launch Assist is an auxiliary device that assists the driver in accelerating from a stop while on a slope. • Hill Launch Assist is an auxiliary device that assists the driver in accelerating from a stop while on a slope.

EVERY MAZDA IS METICULOUSLY DESIGNED
AND CAREFULLY CRAFTED BECAUSE DRIVING MATTERS.
DRIVING MATTERS MOST
WHEN YOU'RE DRIVING FOR GOOD.

To Mazda, there’s only one thing that means as much as driving: giving back.

The Mazda Drive for Good® Event is our annual charitable program that allows us to give back to those in need. But we don’t do this alone. For every purchase of a Mazda, drivers like you have helped us raise millions of dollars for both national and local charities. But what’s even more significant is that for every test drive taken during the event, we pledge one hour of community service to local worthy causes across the country. And to date, we’ve pledged more than 260,000 hours of volunteer time to those who need it most. All thanks to people like you who simply took a test drive.

Our Mazda Dealers have a long history of giving back both time and money to their communities. And their efforts truly define our Mazda values. Mazda Drive for Good is just one of the many charitable programs that has allowed Mazda to donate to worthy causes across the United States since 1992.

Because we believe giving back matters.

Insidemazda.mazdausa.com/drive4good

WE KNOW YOUR FIRST IMPRESSION OF MAZDA STARTS WITH US, YOUR MAZDA DEALER.

It’s a responsibility we don’t take lightly. It’s why we work hard every day to make sure your customer service experience exceeds your expectations, in every way. From the factory to your first test drive and to every drive you’ll ever make in a Mazda, we’re here because Driving Matters.
