Does a long, winding road or an empty freeway on Sunday morning matter if the car you’re in doesn’t take advantage of the moment?

Does safety, technology, efficiency or even beauty matter, if a car doesn’t feel right in your hands?

If you build Mazdas, driving is what matters most.

That’s why everything we do makes driving better.

Like safety technology that inspires confidence.

Engine technology that makes our cars and SUVs more fuel-efficient. Yet still responsive.

And designs that capture motion, even when the car isn’t moving.

What’s better than a great driving car?

A car company that won’t build anything less.

MAZDA. DRIVING MATTERS®
INTRODUCING THE DRIVER’S SUV.

To Mazda, Driving Matters. It’s what inspired us to reimagine the 3-row SUV and create our most premium and innovative vehicle yet. The Mazda CX-9 is designed to impress in every way. It offers athletic yet sophisticated exterior styling and a refined interior with indulgent details. Thanks to SKYACTIV®-G 2.5T turbo engine technology, the CX-9 delivers more power when you need it most—all while achieving impressive fuel efficiency. Plus it’s loaded with advanced connectivity and available safety technologies that give you even more confidence on the road.

Why did we obsess over every detail of the CX-9? Because you wouldn’t expect anything less from an SUV built for drivers.
To imbue the dynamic movement of the KODO: "Soul of Motion" design language into every Mazda vehicle, artists and craftsmen created an unrestricted form of beauty. Recognized as the Speed Form, this sculptural exploration is nothing less than pure energy. Through the prioritization of an object’s elements, the Japanese aesthetic can be realized by human hands. Designers use this harmonious creative process to shape and develop the look of a vehicle, and allow the visionary to change the smallest creases and curves to deliver optimal proportions—and ultimately, a Mazda.

KODO: "SOUL OF MOTION"
EXPERIENCE DRIVING  
EXHILARATION—BEFORE YOU GET  
BEHIND THE WHEEL.

Extraordinary design creates a powerful presence. Athletic elegance is expressed in a muscular stance, elongated hood and tapered roofline. In front, a five-sided grille, signature wing and piercing headlamp design make a dramatic impression.

SMALL DETAILS MAKE A BIG IMPRESSION.

Subtle touches of light create a premium experience with our available luminous Signature front grille accent lighting and available interior LED lighting details. Even the center console brightens and the instrument cluster comes alive with lights that pulse upon ignition.

CAREFULLY CRAFTED DETAILS.

The CX-9 Signature trim. Our most indulgent combination of premium materials and elegant design yet. Inside, you’ll find rich handcrafted materials, Nappa leather-trimmed seats, genuine aluminum and Rosewood trim—the same wood used to create fine musical instruments. Other premium touches include a leather-wrapped steering wheel with unique stitching and Signature front grille accent lighting. At night, LED lighting illuminates the center console, door pockets and door pulls, creating a soothing interior ambiance. Every detail is designed to elevate your driving experience.
EVERYONE FEELS LIKE IT’S CUSTOM-MADE JUST FOR THEM, ESPECIALLY THE DRIVER.

Driving is more enjoyable when you feel closely connected to the road. To create the ultimate driver’s cockpit, we considered every detail. From the moment you sit down, the leather-wrapped steering wheel and shift knob, and an available power-adjustable driver’s seat with memory, create a sense of comfort. A modern, uncluttered instrument panel sharpens your focus on the road ahead—with special attention paid to the finer points, like unified type styles that offer an easy-to-read, clean look.

An available Active Driving Display® projects key driving, safety and navigation information on the windshield, directly in your line of sight. While the Commander control on the center console allows you to easily control the functions on your MAZDA CONNECT™ infotainment system—all viewable on your full-color display. Everywhere you look reflects premium driver-centric design.

Don’t drive while distracted. Even with voice commands, only use MAZDA CONNECT™ commands when safe. Some features may be locked out while the vehicle is in motion. Not all features are compatible with all phones. Message and data rates may apply.
SEVEN SEATS. COUNLESS MEMORIES.

From the moment your passengers step in, maneuvering the seats is easy. To access the third-row, simply use the release lever to tilt and slide the second-row seat forward—without the need to remove an installed child seat. Your family will also enjoy extra space with more second- and third-row legroom.

BY REDUCING NOISE, WE ENHANCED THE SOUND.

To elevate your driving experience, we subdued unwelcomed sounds by diminishing the noise of engine vibrations and incorporating 53 pounds of sound-deadening materials to the floorboard. We use sound-insulating glass and narrowed gaps, and extensive seal insulation to further prevent exterior wind noise from disturbing the cabin. Whether you're enjoying the peace and quiet of driving alone or trying to better hear the conversations of your passengers within the cabin, every effort was made to make driving less distracting and more relaxing.
PREMIUM SOUND.
CUSTOM DESIGNED FOR THE CX-9.

Every vehicle has a unique acoustic signature. To create a customized, premium sound experience for the CX-9, Mazda and Bose® collaborated closely and considered hundreds of factors, from cabin size and materials to seat positioning and the unique sound variances of today’s digital devices. The result? Our custom signature Mazda Sound which emphasizes power, clarity and imaging. Featuring an available Bose® Premium Sound System with Centerpoint® 2 surround technology, music harmonizes perfectly within the CX-9’s cabin structure. The system includes 12 Bose® high-performance speakers and patented technology such as Bose® SurroundStage® signal processing and AudioPilot® 2 noise compensation. No matter where you sit in the CX-9, Mazda Sound offers rich, stunning sound that emulates a live performance.
MAZDA CONNECT™ makes staying informed and entertained effortless. Explore the possibilities, including audio, hands-free telephone, the available navigation system, and so much more. Everything is easily controlled using the convenient multifunction Commander control, and viewable on the full-color display. You can even do the impossible: please the whole family, because passengers in the second row can charge and enjoy their own electronic devices using the available dual USB charging ports.

ENTERTAIN
Explore more music and infotainment options via your Bluetooth®-enabled and internet-connected device. Connect to your Facebook and Twitter feeds, enjoy HD Radio™, listen to your own playlist or choose something from the integrated Internet radio apps.

COMMUNICATE
With voice commands, making and receiving calls is as easy as pushing a button on the steering wheel and saying hello. Thanks to Bluetooth® hands-free phone and audio streaming, you stay entertained with streaming audio from your compatible mobile device. And SMS Text Message Audio Delivery and Reply allows you to enjoy fully integrated text display and audible readout. On Android phones, it offers the ability to ‘reply’ by choosing from a number of preset, standardized return messages.

NAVIGATE
Our convenient available factory-integrated Mazda Navigation System, standard on Grand Touring and Signature models, offers the advanced features of today’s navigation devices, including voice commands and advanced lane guidance. Plus, getting around town—or out of town—has never been easier, thanks to the system’s 3D interactive map with step-by-step audio directions.

LANE DEPARTURE WARNING SYSTEM
Alerts you when you’re unintentionally about to depart from your lane at a speed of approximately 44 mph or higher.

LANE KEEP ASSIST
Adds to the warnings of the Lane Departure Warning System by performing minor steering corrections to prevent the vehicle in its lane upon sensing an unintentional lane departure.

HIGH BEAM CONTROL
For better vision at night, this system automatically adjusts the headlight beams from low to high as traffic and road conditions allow.

MAZDA RADAR CRUISE CONTROL
This system works within a set speed range to help maintain a safe following distance from the car ahead, alerting you when it senses your vehicle fast approaching the one ahead.

SMART BRAKE SUPPORT
At higher speeds, this system senses traffic ahead and alerts when braking is immediately necessary. If the sensor determines that a collision is unavoidable, the automatic brake control will engage.

SMART CITY BRAKE SUPPORT
When travelling at low speeds, this system detects objects ahead. If an impact is predicted, the system will adjust the brake pads closer to the disc for faster braking, or apply the brakes if you’re unable to.

ADVANCED BLIND SPOT MONITORING
Radar sensors detect and alert you when objects are in your left and right blind spots. It also warns when fast-travelling vehicles are about to enter a blind spot from further behind.

DISTANCE RECOGNITION SUPPORT SYSTEM
At speeds above 19 mph, this system estimates your distance from the vehicle ahead, recommends a comfortable following distance, and alerts when you are too close.

ADAPTIVE FRONT-LIGHTING SYSTEM
These headlights are specifically designed to help you see around corners at night. As you turn into a corner, the headlights pivot up to 15 degrees in the direction of your turn, improving visibility and allowing you to spot potential hazards and dangers ahead.

WITH THREE ROWS OF PRECIOUS CARGO, SAFETY MUST COME FIRST.
Driving is more enjoyable when your vehicle feels like a sanctuary in a hectic world. The CX-9’s comprehensive suite of available i-ACTIVSENSE® safety features uses sophisticated technologies like cameras and radar to help you get a better sense of your surroundings, making you more aware of hazards before they happen.
Please remember to properly secure all cargo. Always check the area around the Power Liftgate before opening and closing it. Please see your Owner’s Manual for further details.

THERE’S ALWAYS ROOM FOR AN ADVENTUROUS SPIRIT.

Be ready for all the adventures of everyday life with generous passenger space and creative storage options that eliminate chaos. Fold down the third-row seatbacks and take advantage of up to a generous 38.2 cubic feet of space—plenty of room for three large suitcases, a few shopping carts of groceries and five comfortable passengers. For even more space, fold down the second-row’s 60/40 split fold-flat seatback for a total of up to 71.2 cubic feet—room for spontaneous adventures. With the push of a button, the available Power Rear Liftgate provides effortless access to your cargo. There’s even hidden storage spaces in the console, center arm rests, glove box, seatback pockets and bins at the bottom of the doors to keep essential items close, but out of the way.
AMAZING THINGS ARE POSSIBLE WHEN DRIVING MATTERS.

Performance innovations are everywhere. Starting with the CX-9’s groundbreaking Dynamic Pressure Turbo engine—offering a higher level of power at lower levels of rpm. Impressive, considering the CX-9 offers 310 lb-ft of torque at 2,000 rpm.

The engine’s innovative 4-3-1 exhaust manifold and closely controlled high-flow exhaust gas valve allow air to flow into the turbine more quickly. The result: generous power and smooth acceleration from the moment you step on the pedal. It’s a level of fluid and immediate power that makes your everyday driving experience better. When it comes to enjoying the CX-9’s recreational and practical towing options, take advantage of 3,500 lbs of towing capacity!

AMAZING THINGS ARE POSSIBLE WHEN DRIVING MATTERS.
COUNTLESS SENSORS, ONE GOAL: MAKING YOU FEEL MORE SECURE ON THE ROAD.

Feeling in control behind the wheel is essential. Our available predictive all-wheel-drive technology, i-ACTIV AWD®, operates automatically to help you navigate ever-changing road conditions.

A multitude of sensors already in place in every CX-9 are put into action to actively monitor and forecast your vehicle’s operating condition. Everything from the outside temperature and windshield wiper use, to accelerating and braking patterns and other factors, are used to predict when AWD might be needed to help deliver ideal traction before the wheels slip. Electromagnetic clutch technology instantly apportions power to the front and rear wheels in accordance with the condition of the road surface and data from your vehicle. It’s complex technology that simply delivers greater grip.

EVEN THE PAINT IS INNOVATIVE.

Machine Gray Metallic: the latest signature paint from Mazda offering the luster and depth reserved for concept vehicles. Conceived by the creative minds of our designers, this rich hue is the result of a myriad of spray processing innovations. Aluminum paint flakes align in a uniform pattern that parallels the surface of the CX-9’s body panels for dramatic hues with intense luminosity and a reflective, liquid-like quality.

DRIVING MATTERS MOST
WHEN YOU’RE DRIVING FOR GOOD.

To Mazda, there’s only one thing that means as much as driving: giving back.

The Mazda Drive for Good® Event is our annual charitable program that allows us to give back to those in need. But we don’t do this alone. For every purchase of a Mazda, drivers like you have helped us raise millions of dollars for both national and local charities. But what’s even more significant is that for every test drive taken during the event, we pledge one hour of community service to local worthy causes across the country. And to date, we’ve pledged more than 195,000 hours of volunteer time to those who need it most. All thanks to people like you who simply took a test drive.

Our Mazda Dealers have a long history of giving back both time and money to their communities. And their efforts truly define our Mazda values. Mazda Drive for Good is just one of the many charitable programs that has allowed Mazda to donate to worthy causes across the United States since 1992.

Because we believe giving back matters.

WE KNOW YOUR FIRST IMPRESSION OF MAZDA STARTS WITH US, YOUR MAZDA DEALER.

It’s a responsibility we don’t take lightly. It’s why we work hard every day to make sure your customer service experience exceeds your expectations, in every way. From the factory to your first test drive and to every drive you’ll ever make in a Mazda, we’re here because Driving Matters.
