I believe in the power of human potential; creativity, imagination and the amazing things we’re all capable of when we’re inspired.

I believe in taking the unconventional road and going the extra mile to do work that inspires, because I believe the highest purpose of being human is to uplift other humans.

I believe in artisans, designers, engineers and ambassadors who pour human energy into their work, because I believe there are things the human hand can do that can’t be replicated by a machine or a computer.

I believe in the power of cars to move human emotions. To awaken senses, heighten reflexes, make pulses race. To be more than a cold machine designed to take you from here to there.

I believe the joy of being alive comes from what we discover on our journey, and the inspiration we find in every mile.

MAZDA. FEEL ALIVE.
The Japanese art of flower arrangement, Ikebana, expresses a philosophy of essentialism. Ikebana uses color combinations, graceful lines and a harmony among the materials, the vase and the setting. Its beauty comes from refining a composition to its simplest form. Similarly, Mazda’s design is based on extracting beauty by showcasing what is essential and eliminating the unnecessary. A philosophy eloquently expressed in the Mazda6.
It captures motion, and evokes emotion. It eliminates all that is unnecessary, leaving only what is beautiful. Its lines effortlessly draw the eye to every angle and curve. It channels reflections of light and shadow, constantly reinventing itself in every new environment. It is Kodo: “Soul of Motion” design.

The Speed Form featured is a sculptural exploration done by the designers at Mazda. Created by the hands of master artisans, it becomes the inspiration for its final design stage: the Mazda.
Truly beautiful design goes beyond simply being aesthetically pleasing. It invites action. With its sleek seductive profile, the Mazda6 demands to go to new places. For you to see more. Feel more. And expand your possibilities. Inside, the available ambient LED cabin lighting highlights an elegant cabin perfectly set to host new experiences and entertain bold ideas. With every glance, every curve and every mile, there is always more to discover and be inspired by.
Each element of our design process is intentional, including the paint. Before a single drop of color is applied, master painters first perfect their technique by hand, ensuring the surface of the Mazda6 has depth and saturation, illuminating the curves and characteristics of our Kodo design. They apply color with the precision of highly sharpened senses. The machines used to paint the Mazda6 are calibrated to replicate the exact movement of this human technique. Our daring array of lustrous finishes may be the final touch on the Mazda6, but it is the first thing that will catch your eye.

THE ART OF SEDUCTION
Mazda has created thoughtfully designed accessories that perform seamlessly with your Mazda6. From the Rear Spoiler to the Moonroof Wind Deflector (shown), Mazda accessories consider every aspect of driving down to the finest detail. When installed by your Mazda Dealer, Genuine Mazda Accessories carry the same New Vehicle Limited Warranty1 as your new Mazda. For a full list of Genuine Mazda Accessories for your Mazda6, please visit Accessories.MazdaUSA.com.

1 Genuine Mazda Accessories sold and installed by a Mazda Dealer are covered for the duration of the New Vehicle Limited Warranty. The New Vehicle Limited Warranty is extended by 12 months or 12,000 miles from the installation date if vehicle is outside of the New Vehicle Limited Warranty, then 12 months/12,000 miles from the installation date. Please refer to your Warranty Information booklet or check with your Mazda Dealer for details.
The Mazda Takumi are the artisans and craftsmen who hone their skills for years, even decades, to achieve mastery. From their first sketch to the final stitch, their passion, patience, and dedication are poured into every vehicle. The Takumi master clay modelers are so highly skilled that they instinctually carve the shape of the vehicle from a block of clay—sometimes with their eyes closed—ensuring every curve is pleasing to not only the eyes, but to the touch as well. Exhaustive efforts are made to perfect the outcome of their design. Leaving you with their very best. From designer to driver, this connection ultimately creates an enriching emotional bond between you and your Mazda.
Nowhere is our commitment to craftsmanship and mastery more pronounced than in our Signature trim. Ultrasuede® adorns the doors and dashboard and radiates a subtle gold sheen, using a technique similar to that which is used to make ornate kimonos. Natural materials like supple Nappa leather and Japanese Sen wood, often used for furniture and musical instruments, reward your senses. And leave you in a better state of mind after every drive.
For decades, we’ve studied the human body. How it moves, sensations of touch, sound and sight, muscle and skeletal structure. Every consideration has been made so the Mazda6 feels as if it was built around you. Effortlessly responding to your directions.

This is the human-centric design philosophy known as Jinba Ittai—horse and rider as one. You feel as though your Mazda is an extension of your body.

In everything we do, we aspire to make your driving experience as intuitive as possible. Creating a oneness between you and your vehicle. Seamless connections that help you engage with the moment. Which is why we engineer to a feeling, not a specification. To leave you energized. Rejuvenated. You, at one with your Mazda.
The most important component to a better driving car is the driver. That’s why we put so much attention to creating the optimal driving position. The seats of the Mazda6 were designed to work with the suspension and chassis to keep the driver’s head level and balanced. All interior appointments were placed with precision to allow the driver to reach naturally and with ease. For added comfort, select Mazda6 trims offer ventilated front seats that wick away warm air from the driver’s and front passenger’s back and lower body, to help keep both cool and dry.
Your inspiration. Your space. Your command station. This is the driver-centric cabin of the Mazda6 where every control is ergonomically situated within your reach, so you can stay focused on the road ahead. An intuitive instrument panel places gauges and displays within your line of sight to minimize distraction. An 8-inch center display shows music information, maps and more, with clarity. The center console and Commander control are positioned for optimal comfort of the wrist and forearm. And the Mazda Connect™ Infotainment System is equipped with available Apple CarPlay™ integration for your iPhone® (shown) and Android Auto™ integration.2 Communication between you and your vehicle becomes second nature—by design.
A MORE POWERFUL YOU

While performance can be quantified, emotions cannot. The available Skyactiv®-G 2.5T DOHC 16-valve 4-cylinder Dynamic Pressure Turbo engine delivers up to 250 hp1 and 310 lb-ft of torque. Impressive numbers, but only numbers, until you experience the Mazda6 firsthand. Our Skyactiv-Drive 6-speed automatic transmission is geared for you to feel the thrill in every pound of torque and horsepower—when and where you need it most. So each drive is more responsive, expressive. And enjoyable.
Every aspect of the Mazda6 is engineered to work in harmony with your sensibilities. From the chassis to the transmission to the engine to the seats and beyond, we’ve designed each aspect of our car to be powerful, efficient and intuitive to your needs. Every effort has been made to enhance the joy from driving through a completely holistic, smarter approach: Skyactiv® Technology. Bringing car and driver together to create inherent connection.
TO HEIGHTEN YOUR SENSES, WE CREATED A FEW OF OUR OWN.

Sophisticated safety innovations that alert you to hazards and help you avoid collisions— or lessen their impact. That’s the thinking behind i-Activsense®, Mazda’s available suite of advanced safety technologies.1 Blind Spot Monitoring2 and Rear Cross Traffic Alert2 are among the many features designed to help improve your visibility and awareness of the road.

1. Advanced safety systems are supplemental and will not prevent collisions. Always check your mirrors, be aware of the traffic around you. There are limitations to the range and detection of the system. Additional information provided in Specifications. Please see your Owner’s Manual for further details.

2. Always check your mirrors. Be aware of the traffic around you. There are limitations to the range and detection of the system. Please see your Owner’s Manual for further details.
Sometimes silence is just as important as sound. The Mazda6 is engineered to help insulate you from distracting outside noise, while still allowing for sounds from the road and engine so your connection to the drive is heightened. Your levels of stress and fatigue are lowered. It’s all about shielding you from all that is unnecessary, so you can focus on what will bring you joy: exceptional driving.
Driving should reward the senses, not confuse them. G-Vectoring Control Plus is an innovative technology that is always working in the background, using subtle weight shifts and individual brake inputs to make the steering response more consistent and intuitive. Curves will feel more natural. And you’ll feel more confident.
Every Mazda is designed to inspire.

We refine, so you can focus on the essential.

Our measurements are emotions. Our stats, stories.

Each decision is made to heighten your mood, your senses and your abilities. Because to us, the road is a source of discovery, to which there is no end.

MAZDA. FEEL ALIVE.
**ENGINES**

- SKYACTIV®-G 2.5L DOHC 16-valve 4-cylinder engine with Cylinder Deactivation (Sport, Touring)
  - 187 hp @ 6,000 rpm
  - 186 lb-ft of torque @ 4,000 rpm

- SKYACTIV-G 2.5T DOHC 16-valve 4-cylinder Dynamic Pressure Turbo engine (Grand Touring, Grand Touring Reserve and Signature)
  - 250 hp @ 5,000 rpm (with 93 octane fuel)
  - 227 hp @ 5,000 rpm (with 87 octane fuel)
  - 310 lb-ft of torque @ 2,000 rpm

**TRANSMISSION & DRIVETRAIN**

- SKYACTIV®Drive 6-speed automatic with manual shift and Sport modes
- SKYACTIV® VEHICLE DYNAMICS with G-Vectoring Control Plus
- HILL Launch Assist

**FUEL ECONOMY**

- EPA-estimated MPG (city/highway)
  - Sport and Touring: 26/35
  - Grand Touring, Grand Touring Reserve and Signature: 23/31

**FUEL TANK CAPACITY**

- 16.4 U.S. gallons

**DIMENSIONS**

- Overall length: 192.7”
- Wheelbase: 111.4”
- Width: 72.4”
- Height: 57.1”

**TRUNK CAPACITY**

- 14.7 cubic feet

---

1 Hill Launch Assist is an auxiliary feature that assists the driver in maintaining forward momentum while stopped on a slope. It is not a substitute for safe and attentive driving. There are limitations to the system. Please see your Owner’s Manual for further details.

2 EPA-estimated mileage. Actual results will vary.
MAZDA6 SPORT Includes the following features:
- Dual-zone automatic climate control
- Power windows with one-touch auto-up/down feature
- Power door locks
- Cruise control
- Rear window defroster
- Electronic parking brake
- Driver's and front passenger's side door courtesy lights
- Tilt and telescopic steering wheel
- 4 speakers with MP3 input
- Bluetooth® Hands-Free phone and audio streaming
- Leather-wrapped steering wheel with unique stitching
- 7-inch LCD Meter Display
- Frameless rearview mirror
- Heated rear seats
- Ventilated front seats
- Heated steering wheel
- Leather-trimmed sport seats
- Windshield-projected full-color Active Driving Display
- Rear seat center armrest with storage and 2 USB charging ports
- Illuminated driver's and front passenger's vanity mirrors
- Leatherette-trimmed sport seats
- 6-way power-adjustable driver's seat with manual lumbar support
- 60/40 split fold-down rear seatback
- Tilt and telescopic steering wheel
- Driver's and front passenger's side-door courtesy light
- Electronic parking brake
- Power side mirrors with integrated turn signals
- Dual exhaust outlets with Bright Silver finish
- Exterior LED lighting (front and rear footwells, vanity and paddle shifters)
- Center console storage with storage and 2 USB charging ports
- Apple CarPlay® integration and Android Auto™ integration
- Siri® Eyes Free
- Bluetooth® Hands-Free phone and audio streaming
- Navigation System
- Moonroof Wind Deflector
- All-Weather Car Cover
- All-Weather Floor Mats
- Splash Guards (Front & Rear)
- Cargo Tray
- Carpet Cargo Mat
- Cargo Net
- Rear Parking Sensors
- Driver's and front passenger's side-door courtesy light
- Smartphone app for remote engine start
- TRIP COMPUTER
- Voice Command
- Mazda Connect
- Driver Monitoring System
- Blind Spot Monitoring
- Rear Cross Traffic Alert
- Adaptive brake control and collision warning
- Lane Departure Warning System
- Smart Brake Support with Collision Warning
- Lane-Keeping Assist System (TCS)
- Traffic Sign Recognition System
- 360º View Monitor may not provide a comprehensive view of the entire surrounding area of this vehicle. Always check your surroundings visually. Please see your Owner's Manual for further details.
- 3-year service includes: message audio delivery and reply, E911, automatic emergency notification, Bluetooth® Hands-Free phone and audio streaming, HD Radio, ™ Aha, ™ Stitcher,™ Multifunction Commander control, 8” full-color Audio system with 6 speakers
- 3.5 MM Audio Cable, Car Cover Cable Lock, Wheel Locks (Chrome or Black™), LED Agency, Fog Horn, Mazda Keychains & License Plate Frames, Rearmirror Auto-Dimming Mirror with Homelink®, Mazda Drive Select System, Smart Key System, Mazda Door Lock System, Auto-dimming Exterior Mirror with Homelink®, Rear Camera, Leather Upholstery (Black), Intellilink System, 360º View Monitor, Remote Engine Start, Side Window Deflector, Allo Pedals, Collapsible Cargo Carrier
